

## TEST WINNER – Top marks for the JERSEY ROYAL

The Schlossberg fitted sheet was the test winner, achieving a top mark of 5.5. In a test carried out on January 10, 2017 by KASSENSTURZ, a Swiss foundation for consumer protection, 10 products were compared against each other and rated.

Available in 42 colors

### Fit

The fit of a fitted sheet is crucial. If it is good, the sheet will stay in place by itself over the mattress. Schlossberg was awarded the top mark of 6.0 for this. Even after 20 washes, the Schlossberg fitted sheet could be put on easily and laid flat on the mattress.

### No fading when washed

The Schlossberg fitted sheet also performed excellently (top mark of 6.0) when it came to «fading through washing or perspiration». The use of environmentally friendly OekoText dyes is a matter of course for Schlossberg.

### No pilling, no lint

Schlossberg also scored highly in the pilling test (pilling through washing) and is significantly ahead of its competitors with a

score of 5.0. The reason for pilling, the technical term for fuzzy textiles, is due to the quality of the yarn. Fibers that have become detached from the yarn create bobbles on the surface over time, which make the textiles look unkempt. Schlossberg uses a very high-quality yarn that also reduces pilling and ensures high durability. The test proved this: Even after rubbing together new fabrics manually 2,000 times, the Schlossberg fitted sheet looked as if it was still brand new.

Since the company was set up in 1959, the SCHLOSSBERG label stands for exclusive premium-quality bed linen in terms of workmanship and hand-drawn design. «**The current award for the best fitted sheet is excellent confirmation that we have internalized this philosophy and that it forms an integral part of our products and our actions.**»
